Shirts

The Little Things

The little things about a shirt are important, too. The way the buttons are sewn on, the button holes, the stitching on the cuffs. Notice all these niceties, and others, on Case shirts, see how perfect they are. Case shirts are as fine as any custom product.

Especially good ones at $3.50 to $5.00.

FROM SCHOOL TO COLLEGE

And from College through life, the same craving predominates — the attainment of highest ideals.

From a small store in Sheffield to a business requiring the assistance of fourteen branches and three factories situated the world over, Mappin & Webb, during the span of years between 1810 and 1919, have built a business and reputation jealously guarded through attaining the highest ideals of quality and service.

NEW LINE OF BIBLE STUDY AT THE HALL

Clear-Cut Reasoning To Be the Object.

INDIVIDUAL THOUGHT.

Henry Burton Sharman's "Jesus in the Records" Will Be Studied.

During the present weeks a number of groups of men are being organized at the Strathcona Hall for the study of a book which in the realm of Bible Study courses has proved somewhat of a revolution or at least of a distinct improvement.

This book is Henry Burton Sharman's "Jesus in the Records" — a small pocket sized volume which should contain enough searching questions to rankle and dismay even the most ardent thinker. As a stimulus to individual, independent thought, it is probably unparalleled, and for this reason is the only type of study which demands that a man taking up this study should deliberately dismiss all preconceptions and prejudices, all former ideas of the life and character of Jesus, which he may have had formerly, and answer the questions sincerely and thoughtfully which he finds in the day's studies. The studies are based principally upon the gospel of Mark, which is probably the most authentic record available. No information, other than this, no ideas are presented by the author. The individual student must write down his own thoughtout conclusions, and discuss these conclusions with those reached by the other students of the course.

This is, of course, no spoon-fed study, no intellectual, "Nestles Milk," poured into the vacuum of an idle brain; it requires work, thought and time, and is only of value to men who can or will give this to it.

Moreover it furnishes an opportunity to any sceptic, agnostic or atheist (self-called), to exhibit his ability to think, and to demonstrate the sincerity of his scepticism. Scepticism we know well enough is a shallow cojuventionality amongst many men, and is not based on independent thought, which alone makes scepticism sincere. The shallow "heretic" and the superficial "orthodox" will not be interested in Sharman's book.

For further information apply to the secretary of the Hall, Mr. Mackay, of Mr. H. H. Hart, of Third Year Medicine.

NEGRO PRODUCTS EXHIBITED.

New Orleans, Louisiana.—Negroes of seven parishes of Louisiana exhibited more than 3,000 pieces of their handiwork, from chairs to preserved fruits and home made silk dresses, at the Negro Inter-Parish Fair, which closed at New Orleans recently.

The French government's method of securing support to their Victory Loan took the form of a lottery in which enormous cash prizes were offered in lieu of interest. A loan for similar purposes in New Zealand was compulsory, and apportioned according to income. Both schemes have good points.—"The Veteran."

SCORED TWO TRYS.

"Dud" Ross.

.LL'S GREAT CAPTAIN.

"Monty."

MEETING OF LIT. AT HALL TO NIGHT

The second regular weekly meeting of the Lit. will be held in Strathcona Hall to-night at 8.15. The programme for the evening consists in two inter-class debates, which are to be carried on simultaneously and in different rooms. These debates both promise to be interesting. Law '21 are to argue on the subject "Resolved that the purchase of the Grand Trunk Railway, as proposed by the Government of Canada, is in the best interests of the Canadian people." On this question Law '21 is to uphold the affirmative. The second debate is that between Arts '20 and Arts '21, and the subject, in this case also, is one which gives great scope to the debaters. It is "Resolved that it is the duty of Great Britain to undertake an intervention in Russia by force of arms." The affirmative is to be taken by Arts '21.

When each debate is finished, the meeting will be opened for general discussion, in which every man present will be given an opportunity to speak if he so desires. It is the idea of the Lit. to make these first meetings informal as possible. If you have any opinion on either of these two subjects, come out and air it at the Lit.

GREEK INTERESTS.

As a result of the visit to the commercial delegation from Greece to Britain last year, there has been opened a Greek Interests Bureau in Dorland House, 16 Regent Street, the building so closely associated with Nash, the famous architect of the Quadrant.

The bureau is primarily concerned in the advancement of the joint interests of Greece and Britain in all matters agricultural, industrial and commercial.

Other phases in the relations of the two countries, however, will not be ignored. When suitable and adequate hotel accommodation has been provided in classical or attractive parts of Greece, special attention will be given to the promotion of tourist traffic, and matters literary, artistic and scholastic also fall within the scope of the programme.

THIS YEAR'S ANNUAL WILL BE BEST YET

First Real Post-War Edition.

ARTISTIC FINISH.

More Photographs, Drawings and Every Activity To Be Included.

At the commencement of last session the world was still in the throes of war. Many of the activities at McGill had lapsed altogether, while the rest lacked their customary vigor. Besides this, the actual number of students had decreased considerably since the outbreak of war, and more particularly were there many from the Junior Year absent on overseas service.

Appropriately enough then it was intended to make the Annual not the 1st volume of the preceding years, but merely a sufficient record for the lean and barren college year of 1918-1919. Then came the Armistice and the return of so many McGill men from France and the other war zones. In fact, the session that had promised nothing at the beginning, saw the re establishment of University life.

Naturally, it was determined to make the Annual a fitting memorial of the transition from War to Peace. This was admirably accomplished in record time. However, even by the end of the session, all the clubs and societies which had existed prior to the war had by no means been fully reorganized.

Though this will be the second Annual published subsequent to the war, it will be the first real record of McGill as re-established on a peace-time basis. Consequently, this year will be issued a larger volume than ever before. It is intended to make this year's Annual the fullest record of the College published in recent years.

Every activity at McGill will be included. Macdonald also will have a special section. Furthermore, in this Annual more drawings will be included than ever previously. Special attention will also be given to the whole artistry and finish of the book.

Arrangements have not yet been definitely concluded with a photographer; but it is hoped that this will be done to-day, and all Juniors are urged to have their photographs taken as soon as possible. This will greatly simplify the work of publication.

The executive is as follows:

Editor-in-chief—L. E. Reford.
Managing editor—C. P. Hebert.
Art editor—G. Durnford.
Treasurer—D. A. McGreer.
Cor. secretary—Miss J. Spier.
Rec. secretary—Miss Matthewson.

G. Forton was appointed to the business committee, of which the treasurer is also to be a member ex officio.

Aspire to Leadership

The Literary and Debating Society embarks upon its season's programme to-night. Apropos to its re-organization it may be timely to point out the importance of the faculty of expression as a part of the capital of every educated man.

The object of education is preparation. Success in life depends upon equipment acquired in order to the assumption of its responsibilities, and the realization of its opportunities. Most of us would be glad to escape much of the drudgery which goes with preparation, but few of us can deceive ourselves with the vain hope that our ultimate success or achievement will not be commensurate with what we put into it in the way of preparation.

The all-round-man—the man who is symetrically developed—is the one best equipped to face the responsibilities and meet the requirements which the future holds for him. Academic preparation is essential to such development, but, in and of itself, it is inadequate. The man whose brain is merely the receptacle for accumulated facts and yet who lacks the ability to give expression to his knowledge or to put it to practical purposes, is far from being fully equipped for his life's work.

The college man should above all things be characterized by capacity for leadership, and if there is one thing more than another which constitutes such capacity it is faculty of expression. To be able to think clearly in public and to speak his thoughts coherently and impressively—these are accomplishments to which many a man has aspired, has striven for, and having attained to, has made them the foundation of his greatness.

The "Lit." offers every student an opportunity for training and self-development. Quite apart from the chance which it affords a man to acquire confidence and faculty of expression it offers him much that is instructive, inspiring and beneficial. The Literary and Debating Society aims to promote intelligent discussion of current topics and the serious consideration of the world's problems—political, industrial, social and financial.

Its aim is the development and training of young manhood for the assumption of the responsibilities and the performance of the duties which await him in the great outside world.

Editorial Note

Indications certainly seem to favor the probability that the McGill Senior Football team will capture the Inter-collegiate Championship. With an interrupted series of victories behind them and the prospect of playing the last scheduled game with Toronto University at our own Stadium, we may be even justified in congratulating ourselves a bit.

NOTICES

DAILY STAFF.

There are some vacancies on the Daily Staff in the ranks of the Associate Editors and Reporters. Men with or without previous experience in journalism, who will take an interest in this work are requested to apply to the "Daily" office in the Union between 8.00 and 9.00 any night this week. This is an excellent opportunity for those students who would like to get acquainted with the modern methods used in newspaper offices.

RETURNED MEN.

There will be a meeting of all the Returned men in the University to-day at 5.10 p.m., in the big hall of the Union. The main business will be the re-organization of a Returned Men's Association. Officers will be elected. The report of D. Learoyd, who has returned from Ottawa after interviewing the Committee re-establishment, will be delivered.

THIRD TEAM.

All Third team men will turn out to-day for practice at 3.30 p.m.

MARITIME CLUB.

There will be a meeting of the executive of the Maritime Club at the Union to-day at 6.45 p.m.

The following are requested to attend:

P. MacIntyre, Med. '21.
H. S. Tiery, Med. '21.
A. H. Chisholm, Sci. '21.
H. C. Keeping, Med. '21.
E. B. Chandler.
M. H. Dawson, Med. '2'.

ROOTERS.

There will be a great rally of all students for a Rooters' practice on Wednesday, at 5.10 sharp.

COMMERCIAL SOCIETY.

A meeting of the above Society will take place at the Union this evening at 8 o'clock.

The programme for the evening will include a paper on "The Value of a Commercial Education." An address by Dean Moyse, and a talk on the course by Mr. Sugars.

At the close of the meeting refreshments will be served.

All Commercial students are invited to be present.

ORCHESTRA.

The McGill Students' Orchestra will meet at Strathcona Hall TO-MORROW (Tuesday) night, at 7.15 instead of to-night as formerly arranged. Every member is urged to attend, as important business relating to the club's programme and policy will be discussed. Some new music of the lighter variety will be on hand. New members are still in demand.

B., W. AND F.

Boxing will be held to-night at 5.15. All men are requested to bring their own towels.

NEWFOUNDLANDERS.

The second meeting of the Newfoundland Club will take place to-night, at 7.30, in Strathcona Hall.

On account of the discussion of the Constitution it is particularly desirable that every Newfoundlander at McGill attend.

The committee wishes it to be understood that the meeting will start sharp on time, and that it is necessary for its successful conclusion that everyone be present at 7.30 sharp.

MONTREAL BIG FOUR CHAMPS. OTTAWA SWAMPED BY ARGOS

Tigers Go Down to Defeat By Twelve to Six, In Deciding Game Of Big Four Union — Ottawa No Match For Toronto Team — Final Score Was Thirty-One to One Many Witnessed Games.

In the final game of the "Big Four" series on Saturday afternoon, the Tigers' tail was badly twisted. The Hamilton team, which has been playing very well lately, were very confident of their ultimate victory. But Montreal by a score of 12—6 demonstrated their right to championship honors. A strong north-easterly wind blowing across the field made punting somewhat uncertain, but by making good use of their trick plays M.A.A.A. succeeded in making their yards time after time. On more than one occasion, however, the Hamilton team made a series of irresistable plunges through the Montreal line.

A 30-yard run by McKelvey resulted in a try for Hamilton. They failed to convert, however, and for the remainder of the quarter the score remained at 5—0 in favor of the Tigers.

In the second quarter Hamilton made one move to point on a rouge. This was their last tally, however. Before the whistle blew for half-time Montreal had succeeded in placing a successfully converted touch and a rouge to their credit on the scoreboard.

During the third quarter the Hamilton players were kept strictly on the defensive for the whole period, while Brophy and Jacques made two more points for Montreal. At three-quarter time play was see-sawing up and down at mid-field, with the score at 9—6 in favor of Montreal. A forward pass by Hamilton enabled Montreal to rouge. Full-time saw Montreal with still another brace of rouges, making a final score: Montreal, 12; Hamilton, 6.

Argos vs. Ottawa.

Argos and Ottawa Rough Riders staged the local final in the Interprovincial Rugby Union on Saturday. The weather was cloudy and the field in slippery condition. Argos lined up minus Garrett, their kicking half, who was injured in Hamilton last week. His place was taken by Duke McCurry who is now entirely recovered from his early injuries. Argos won the toss in the first quarter, and forced Ottawa to kick, and bad passing by the backs in an attempted end run let the ball roll into a touch at Argos' 40-yard line. In second quarter, Ottawa bucked for yards. Argos, 13; Ottawa, 0.

Third quarter, Sinclair kicked off to Tubman, and when ball bounced off his chest nearly every player on both teams had a grab at it, finally Kilt secured at Ottawa's 40-yard line. Argos, 26; Ottawa, 0.

Fourth quarter—Pocock took a kick from Gilhooley and ran it back 10 yards. Interference lost Argos the ball, and the same play gave it back to them. Cassels broke through for 40 yards, and Argos put ball in fast play, catching Ottawa offside for 10 yards more, leaving Argos in possession at Ottawa quarter at full time. Argos, 31; Ottawa, 1.

SPECIAL SERVICE FOR THE STUDENTS

Given Last Night By the Rev. George Duncan In the Church of St. Andrew and St. Paul.

A large number of students availed themselves of the opportunity of hearing the special sermon for college men and women last evening at the Church of St. Andrew and St. Paul, by the Rev. George Duncan, D.D.

The speaker took as his text two sentences from the third chapter of Genesis "Hast thou eaten of the tree whereof I commanded thee that thou shouldest not eat?" And the man said "The woman whom thou gavest to be with me, she gave me of the tree and I did eat." These old stories, said Dr. Duncan, were not meant to make any great scientific revelation, but to teach a moral. The failing in Adam, which these words portray, is just as common to society of the present day, and there is always that desire on the part of the individual to shift the responsibility in life. If it were possible, man would throw all the responsibility of his misdeeds on his fellow men and very often on God.

He went on to enumerate the more common scapegoats of mankind. It is a common practice to blame the "set" or class of people with whom one associates for failure in life. Then, again, we frequently hear that circumstances were responsible for someone's downfall. Dr. Adams pointed out that man has the power to mould circumstances, and he showed that although evil is hereditary, so is good, and that the latter outlives the former every time.

He maintained that education and environment will modify heredity and that God's call to-day is, as in the days of Adam, "Have Dominion." In Adam, God portrayed a man without it, and in Jesus one who had perfect dominion. He concluded by urging everyone to have faith in their fellowman and God, an dthen the victory is won.

After the service a social hour was enjoyed by all in the church hall.

Refused to Buy

Once an old colored man visited a doctor and was given definite instructions as to what he should do. Shaking his head, he started to leave the office, when the doctor said:

"Here, Rastus, you forgot to pay me."

"Pay you for what, boss."

"For my advice," replied the doctor.

"Naw, suh; naw, suh; I ain't gwine to take it," and Rastus shuffled out.

Balfour Peace Souvenirs

There was an interesting sale the other day in the Paris Public Sale Rooms. The contents of Mr. Balfour's flat in the rue Nitot were sold at public auction.

Mr. Balfour's study table fetched 2,350 francs. His bedroom furniture brought 6,650 francs.

A number of armchairs in which the "Big Four" used to sit while deliberating the notty problems of the Peace Conference were knocked down for well over 1,000 francs each. There was keen competition. Many English people were purchasers.

O June, you'd come nearer, we're told,
At making a hit,—a whole lot,—
If you weren't near so cold when you're cold,
And not near so hot when you're hot.

Ten to One Against

"Sorry," said the village constable, "but I'll have to arrest ye—ye've been drivin' along at the rate of 15 miles an hour."

"You are wrong, my friend," said the driver. "I say I wasn't, and here's $10 that says I wasn't."

"All right," returned the constable, pocketing the money. "With ten to one against me I ain't goin' to subject the country to th' expense of a trial."

Let's Finish It Right

Canadians finish what they start. From the First of July, 1867, to the Fourteenth of August, 1914, we have not failed or faltered in any great undertaking.

Now we face the finish of what we undertook when we went to war. Victory came on the 11th of last November. But the finish does not come until we pay the cost of the preparation for that victory.

We will pay and finish the job. There is no doubt of that. Only, we must finish it right.

The cost of Victory is to be paid by the sale of Victory Bonds. These bonds will be bought either by the people or by the banks. If we let the banks buy them, we won't be finishing the job right. We will be shirking a responsibility. We will be doing great harm to the business of the country, hazarding our future prosperity.

This is a cold fact which we must face. It is a fact which, once appreciated by the million and a half Canadians who subscribed to the Victory Loan 1918, will make the Victory Loan 1919 the greatest success yet.

So let us forget high taxes, high prices, as our boys at Vimy Ridge, Courcellette, Hill 60 and St. Julien forgot their suffering and remembered only their great purpose.

LET'S FINISH THE JOB RIGHT

NEWS OF McGILL GRADUATES RECEIVED DURING THE WEEK

Lieut.-Col. Robert Wilson, Med. '93, Dies in Toronto—Colonel Gerald White Former Member For North Renfrew Is Appointed To the Senate — Order Of the Star of Roumania and Belgian Croix de Guerre Awarded To Two Other Grads.

After an operation from which he never rallied, Lieut.-Col. Robert Wilson, Med. '93, C.A.M.C., formerly superintendent of the Western Hospital here, died in the St. Andrew's Hospital, Toronto, on November 1. The unexpected news of his death comes as a distinct shock to his host of friends and acquaintances, especially to those of the medical profession in Montreal and throughout Canada, among whom he was recognized as a man of exceptional ability.

Col. Wilson was a graduate of McGill University in Medicine, and on the completion of his course opened practice in Point St. Charles. He was among the first to foresee the possibilities of the X-Ray in modern surgery. This, combined with unusual gifts in the electrical and mechanical departments of his profession, served him in good stead as a pioneer in this important field of research. He built unaided the first static X-Ray machine ever used in Montreal. It is considered a tribute to his workmanship that this machine was doing excellent service up to the time of the outbreak of the war, when Dr. Wilson left to go overseas.

He went overseas with the First Canadian Contingent, and was attached to the First Canadian General Hospital, in France, with the rank of captain. Later, he returned to England, where he attained his majority and was attached to the Granville Canadian Special Hospital, at Ramsgate, in which he did special work of an orthopedic character.

From there he was called to the headquarters in London and, with promotion to the rank of lieutenant-colonel, was given charge of the X-Ray work and equipment in all the Canadian hospitals overseas. When this work had been thoroughly organized under his supervision, he was ordered back to Canada as consulting surgeon on electric hydro therapy, for Canada. He was responsible for the equipment in all military hospitals in Canada, with headquarters at Hart House, Toronto, and in this capacity had to make frequent trips from one coast to the other. He was serving in this capacity when called by death.

On Friday Dr. Wilson underwent an operation at St. Andrew's Military Hospital, Toronto, from which he never rallied, passing away early Saturday morning.

For years he was superintendent of the Western Hospital here, where he was also a member of the Montreal Medico-Chirurgical Society. He spoke several languages fluently, including Turkish. He was a Past Master of Argyle Lodge, No. 65, A.F. & A.M., and Past District Deputy Grand Master of the Grand Lodge of Quebec, and a member of St. Matthew's Presbyterian Church.

His untiring enthusiasm and the heavy drain which the war made upon his nervous energy in all probability account to a large degree for his death at the age of fifty-three years. He is survived by his mother, his widow and brother, A. E. Wilson, M.D., who is on the staff of the Prince of Wales Hospital here.

Colonel Gerald V. White, Sci. '01, of Pembroke, Ont., has been appointed to the Senate of Canada, in succession to the late Hon. George Taylor, of Gananoque. Col. White was for a number of years Conservative member of Parliament for North Renfrew, but did not seek re-election in 1917. At that time he was serving overseas with the Canadian Forestry Corps, having gone across in command of a forestry unit.

Dr. E. B. Moles, Med. '99, has been appointed Medical Officer of Health of Brockville, Ont. Dr. Moles returned this year from extended service overseas with the C.A.M.C.

Dan P. Gilmor, Arts '11, Law '13, has been appointed one of the new Crown Prosecutors for the City of Montreal.

Col. Lorne Drum, Arts '92, Med. '96, is now Inspector of Hospitals, attached to Militia headquarters at Ottawa.

Major Arthur L. S. Mills, D.S.O., Law '14, has joined Lieut.-Col. J. J. Creelman, D.S.O., Law '07, in practice in Montreal.

Lieut. George L. Burland, Sci. '10, 11th Battalion Canadian Engineers, has been created a Chevalier of the Order of the Star of Rumania.

Lieut. Thomas M. Mortimer, Sci. '09, late 3rd Tunnelling Company, Canadian Engineers, has been awarded the Croix de Guerre of Belgium.

TRAFALGAR GIRLS BEAT MACDONALD.

The Macdonald Girls' Basketball team played the first game of the season against Trafalgar Girls' team on Saturday in the Girls' gymnasium. The Macdonald team were chosen from both Teachers and Science, and for the little time they had spent practising together, the play was splendid. The visiting girls played excellent combination and seldom missed shots into the basket. They are also to be complimented on their swiftness and agility. Miss Lyle made the large number of the Trafalgar baskets and did it with great ease. Miss Dowler scored several for Macdonald. The end of the game showed a score of 26—15 for Trafalgar. The teams were:

Trafalgar.		Macdonald.
J. Lyle	Forward	M. Dowler
M. Mackenzie.	Forward.	H. Casselman
M. Larker	Centre	M. Currie
R. Dunton	Centre	D. Kent
E. Dunton	Defense	J. Laurie
P. Hall	Defense	J. Aylen

SALARIES AT YALE.

At a recent meeting of the corporation of Yale University it was decided that the criteria upon which salary advances should be made, be recommended at its next meeting. It is expected that each professor can be informed of his new salary status before December 1. At present there will be no campaign to increase the alumni fund such as is being conducted at Harvard, but some action of this kind will be taken in the future.

Macdonald News

MAC. TO SEND JUDGING TEAM TO CHICAGO

Decision Has Been Reached By Professor Barton.

GOOD WORK-OUT

Students Spend Week-End At Grenville and Howick.

Percheron horses were featured at Grenville, Que., on Friday, and a very interesting day was put in by fourth year students at the establishment of J. E. Arnold & Son. Mr. Arnold is an importer and breeder of Percherons, and many interesting classes were available for judging and demonstration. They were of a different type than seen heretofore, a fact that was effective in broadening the Percheron aspect of the students' mind. A very meritorious Belgian stallion was introduced, the characteristics of the breed pointed out, and an attractive exhibition of style and action was displayed.

Mr. Arnold, jun., is a graduate in Agriculture of Macdonald College, and there was a considerable exchange of greetings and handshakes as he met a number of his old friends and classmates, who at the close of the day were quite loud in congratulating him upon the excellence and progressiveness of his work. Mrs. Arnold maintained her reputation for hospitality by entertaining the party to tea and a pleasant social evening.

By making some close connections and losing considerable sleep, Howick, Que., was reached next morning at ten o'clock. Mr. R. R. Ness welcomed Prof. Barton and the boys to Burnside, and pre-arrangements were such that no time was lost, work commencing immediately with a class of Clydesdale brood mares. Fillies, colts and stallions followed in close succession. Mr. Ness' horses are of a very high order, and the work accomplished at his place will be impossible to duplicate anywhere. Good luck favored the party again, and a pleasant break in the work was created by the very excellent lunch prepared by the ladies. Time was rather limited, but before leaving, a class of Dorset sheep was brought out, which provided an interesting study.

Prof. Barton has expressed himself as being greatly pleased with the progress made by the students taking this special training. He has fully decided that a judging team will be sent to Chicago, and he is no doubt but that this team will bring much credit to itself and the College.

BOYS VISIT MACDONALD.

On Saturday afternoon, twenty boys, between the ages of 12 and 14, under Mr. Crawford, Boys' Work Secretary of Westmount Y.M.C.A., paid a visit to the College. They were shown over the grounds and buildings by Mr. J. D. Sutherland, of Class '22. They were particularly interested in the specimens in the Biology Building and the young stock, spending considerable time in the various stables.

After their tour around the College, someone suggested a swim, which everyone seemed to agree was an excellent idea, and they were taken down to the tank in the Boys' Building.

The boys, on leaving, voted the afternoon enjoyably and instructively spent.

FRESH NIGHT HAWKS.

Eleven o'clock at night is a dandy time for a walk. At least a dozen or so embryonic Aggies (see page 267 Concise Oxford Dic.) thought so on Saturday. The proprietor of "The Palms" is a pretty good sport, to wit—the trail of empty popcorn bags extending along the stately highways of Ste. Anne's to the College gates. It's just a question if the natives appreciated the song selections, such as "Here's to the Good Old Rum," "Apres la Guerre Finie," etc., rendered by "The Desperate Dozen," in proportion to the vociferous manner in which they were given!

SATURDAY NIGHT DANCE.

Saturday evening brought the usual congenial crowd of visitor students into the gym to partake of the evenings entertainment which consisted mainly of dancing. During the intervals between dances many acquaintances were made which enlightened the work for the introduction committee on Tuesday evening. Finally at 9.30 the evening came to a close with the singing of the College songs and National Anthem. Without a doubt these Saturday evenings are thoroughly enjoyed and greatly appreciated by all.

NOTICES.

ALL MEN STUDENTS.

There will be a meeting of all men students in Room 107 at noon to-day.

SCIENCE STUDENTS WELL ENTERTAINED

"This is the most enjoyable evening we've spent since coming to Macdonald." These words, spoken by the president of the Junior Science, adequately expressed the sentiments of all who were present at the house party given by Dr. and Mrs. Lynde to a number of Science girls and Freshmen on Saturday evening. However, when Science girls and Freshies get together it is inevitable that a good time will result.

"Don't you remember the night of the Prom?

You went there with a girlie on your arm."

Well, we'll say we do. Anybody passing through the campus about 7.30 p.m. Saturday evening could not have failed to notice the procession of merry couples wending their way through the mysterious and friendly darkness in the direction of Dr. Lynde's house.

After a very cordial welcome from our host and hostess, no time was lost by the girls and boys in getting better acquainted. It was a pleasure to see that the traditional shyness of Freshmen did not apply on this occasion; also, the boys, one and all, agreed that these girls were not lacking in pep!

A novel evening's entertainment had been planned, and judging by the continuous peals of laughter, was enjoyed to the utmost by everyone. Following this, dainty refreshments were served, which evidently hit the right spot, judging from the "moreish" expressions on all faces.

At the conclusion of the evening, college songs were sung and the class yells were given. A hearty vote of thanks was tendered to Dr. and Mrs. Lynde, after which we sang "For They Are Jolly Good Fellows," and bidding our host and hostess "Good Evening," we hit the long trail for home.

The touching scenes in parting at the girls' residence cannot be described, as some things are too sublime for words. The full meaning of the latter part of the above sentence would be amply appreciated if the ravings of some of the smitten Freshmen could have been heard during the early hours of Sunday morning.

It is easy to be seen that the Science girls have succeeded in carrying by storm the stout hearts of Class '23.

Victory Loan 1919 Is Bridge Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan.

Why is it necessary to have another Victory Loan? Have you heard this query? Or have you asked it?

The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our boys won that. The reconstruction period is dawning and we at home must win that.

Much of the money that Canada is asking for will be needed to clean up the war debt. The expenses of demobilization were heavy, and there is still much of it unpaid. Now that our men are back, let it not be said that we repudiated the debt for bringing them back.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are returned men needing attention.

Many men through disability are unable to return to their pre-war occupations. The Department of Soldiers' Civil Re-establishment is doing a fine work in training returned soldiers in trades and professions that they can earn a living at, and is following up the training and seeing that they obtain remunerative employment. The maintaining of this branch of reconstructive service calls for much funds, and the Victory Loan will be used to pay for it as well as the other purposes.

Under the Soldiers' Land Settlement Act, enough money is lent to returned soldiers to enable them to buy and stock a farm. This money will be repaid at a low rate of interest. The soldier is thus given a chance to re-instate himself in civil life, and production is given a boost. Of the total amount of the forthcoming loan, $24,000,000 has been apportioned to finance these soldier-farmers.

Pensions to the disabled and dependents of our glorious dead, as well as the authorized gratuities will be other items on the expense sheet. These are some of the obligations owing to the returned soldier who is now in health.

The maintaining of Canada's prosperity is an important reason why the Victory Loan should be a smashing success. The money is needed to finance the credits to overseas countries so that they may continue their trade relations with us. If Canada cannot give these credits other countries will, and then Canada will lose all that great overseas trade that has been the mainstay of our agricultural and industrial life for so long.

As an investment Victory Bonds are eminent. Paying 5½ per cent., selling above par on the open market, and guaranteed by the Dominion—what further reason can you have for hesitating? The Victory Loan 1919 ought to be oversubscribed, and all right-thinking citizens will do their utmost to see that such a result is obtained.

MACDONALD VS. WESLEYANS ON SATURDAY P.M.

Weather Conditions Were Ideal For the Game.

SCORE TIED.

Play in Wesleyan Territory Most Of the Time—Sensational Thrills.

In a game replete with sensational thrills, the Macdonald Soccer team played a draw with the Wesleyan College, Montreal, on Saturday afternoon From the standpoint of the players the weather was ideal, but the spectators could have put up with a considerably greater amount of heat. Once again we have had very clearly demonstrated the fact that the final score in a game is not necessarily indicative of the play. During the greater part of the game Macdonald kept the ball in their opponent's territory; but their inability to shoot accurately lost them the game. Time after time they shot for goal, but invariably missed—the ball going either too wide or too high. They carried the ball much better than did their opponents, and had better combination. On the play Macdonald had the better of the argument, but as was said before they could not take full advantage of the opportunities offered them by this superiority.

But let us not cast any disparagement on the Wesleyan team. They played a fine game; and on the whole were a good match for our fellows. Their play was more creditable when we consider that the team they brought out was hastily chosen, and never played together before. In fact, some of their men had not been on the field for two years. They did not threaten the Macdonald goal very often, but when they did get the ball within shooting distance they were able to deliver the goods. An observation that applies to both teams is that the ground was very slippery, thus making a foothold rather uncertain; and consequently causing the play to be more erratic than it otherwise would have been.

The first half saw play for the most part confined to Wesleyan territory. Macdonald were as thick around the goal as flies around a honey-pot, but their ineffectual shooting failed to net them any gains. The only score in this period was made by the Wesleyans, when McKee put in a nice one after a good combination play that went almost the whole length of the field. In the second half Wesleyans played a far better game than in the first, and kept the play very well distributed over the field. Macdonald scored their first point in a scramble that took place right in front of the Wesleyan goal. After a short time Dimmock scored one more for Macdonald. A few minutes later McKee evened things up by putting one through for Wesleyans, making the final score 2—2.

Line up:—

Wesleyans.		Macdonald.
Bayes	Goal	C. Skinner
Parnell	Lfet Back	S. Skinner
Maxwell	Right Back.	
Amaron	Left Half	Crang
Woolward	Centre Half	D. Matthews
Servage	Right Half.	G. Matthews
McKee	Outside Left	Saunders
Turrell	Inside eLft.	Vanterpool
Matthews	Centre	Dimmock
Thorpe	Out. Right.	Bradford
Edgecomb	Inside Right	Heslop

MAC. Y.M.C.A. MEETING.

A very successful meeting was held by the Y.M.C.A. in the gymnasium on Sunday morning, at which a good number of representative men were present. The singing went with a swing under the able leadership of Mr. Amaron at the piano, Mr. Nettinger with his 'cello and Mr. Drummond as violinist.

A speaker from Montreal had promised to come out, but at the eleventh hour he found that it would be impossible to attend, so Dr. Harrison very kindly consented to address the meeting. He spoke of the need for every agricultural graduate to take an interest, and, if possible, a place, in Canadian politics: to read the papers and periodicals and form an opinion for himself upon the important questions of the day. Studies, recreation and sleep were not the whole thing for a college man, he told us, but we should read good literature, cultivate a taste and ability for good music, and appreciate art in all its diversified forms.

EATING ALL THE TIME.

The "Terrible Ten" held their weekly feed in the "Stagger Inn," Saturday evening, after the dance. The Misses McClenneghan made charming hostesses. The "eats," needless to say, were the chief item, and consisted of roasted chicken, sandwiches and cake, salted almonds and a variety of jellies and pickles. These, naturally, vanished in a very short time, and after much college gossip the girls meandered back to their rooms, happy and contented, too full for utterance.

PROMOTIONS ON "DAILY" STAFF

News Board Has Now Six Members—Room for More Reporters on Staff.

Owing to the increased amount of work in connection with the editing of the "Daily," it has been found necessary to increase the personnel of the News Board from three to six. This will provide a different News Editor to take charge of the paper each night, and will, hence, lessen the burden of those men who have been working for two nights a week for the past six weeks.

The men who have been promoted from the position of Associate Editor to that of News Editor are: W. F. MacKlaier, A. L. Caldwell and G. M. Cameron. These men will assume their new duties immediately.

Because of this decrease in the number of Associate Editors, consequent on these promotions, and in order to train sufficient men to take charge of the paper next year, the "Daily" staff has decided to take on some new reporters and Associate Editors. Men with or without previous experience in journalism, who will take an interest in the work of the paper are requested to call at the "Daily" office in the Union between 8.00 and 9.00 o'clock any night this week.

The experience gained on the college paper is invaluable, and, according to oen of the best known professors at McGill, is of more use to a student than many of the subjects of the curriculum. The "Daily" is run on modern newspaper lines, and provides just the right admixture of recreation and profitable work for the men with an evening or two a week to spare.

WHAT'S ON

TO-DAY.

1.00 p.m.—R.V.C. '22 meeting.
3.30 p.m.—Third team practice.
5.10 p.m.—Returned Men's meeting, at Union.
5.15 p.m.—B., W. and F. practice.
6.45 p.m.—Maritime Club meeting, at Union.
7.30 p.m.—Newfoundland Club at Strathcona Hall.
8.00 p.m.—Commercial Society, at Union.

Coming.

Nov. 11th—Orchestra practice, at Strathcona Hall.
Nov. 12th—Rooters practice.
Nov. 15th—Toronto vs. McGill.
Nov. 17th—Western Club Smoker.
Nov. 28th—Junior Dance.

McGill Wins Third Game by Score of 25-2. Condition of Field Prevented Spectacular Play. Four Tries Scored

"Dud" Ross Scored Two Touches — Heney Was the Pick Of the Halfback Line— "Monty" Made Important Gains — Line Allowed Queens To Make Yards Only Once During Game — Wings Effective — McKelvey Played Well For Queens.

Over four thousand people saw McGill defeat Queen's last Saturday afternoon, in the first Intercollegiate Senior Rugby game to be staged in Montreal for the last four years.

Owing to the snow of last week and to the Intermediate game which had been played in the morning, the field was in a very poor condition, which prevented any spectacular play. McGill, notwithstanding the fact that they had decisively beaten Queen's two weeks ago at Kingston, were by no means over-confident, and while they did not play as good a brand of Rugby as was shown at Toronto, yet they made the best of the poor playing conditions and never left the issue in doubt.

The Rooters' Club and the Band were at all times much in evidence, and their efforts were greatly appreciated by all in attendance.

Some amusement was caused at the beginning of the second half by the disappearance of the ball, which was finally located after some delay in the dressing room.

It would be somewhat difficult to pick out the stars of the game, as all the men played up to the standard set. Montgomery, as usual, was steady and put up a fine game throughout. He made some long and important gains, and scored one of the touches for McGill. "Dud" Ross played a stellar game, and scored two more of the trys. Heney was the pick of the halfback line. This was his first appearance this year. He was steady throughout, and his speed was very effective in returning the kicks of McKelvey. On a hard field he should be a very effective man.

The line was impregnable, and the best proof of this is the fact that Queen's made their yards only once during the whole game. The wings were very effective and blocked many of the kicks from Queen's.

In the beginning of the third quarter McGill brought the ball from a few yards in front of their goal-line to within a yard of that of Queen's without losing possession of it for an moment.

For Queen's, McKelvey, the centre half, played a stellar game. He kicked for the visitors. Brownfield, of Queen's, made several spectacular runs during the game.

FIRST QUARTER.

The first quarter was perhaps the most cleanly contested part of the game for while McGill secured an early lead, Queen's managed to hold their own during the latter part of the period. The visitors opened up the game by kicking off to Heney, who returned. McKelvey punted on the second down. Montgomery went around the side for a thirty-yard run, and Laffoley kicked to the Presbyterians' 25-yard line. Failing to get their yards, Queen's lost possession, but regained the ball when McGill was penalized ten yards for interference. McKelvey punted to Anderson, and McGill lost the ball on an attempted pass to Gilhooly. Queen's kicked again, and when Laffoley dropped the ball, they secured possession, losing it in the next play, however, for holding. Following this the ball changed hands frequently and after an exchange of punts, Heney ran back twenty yards through a broken field in spectacular style. Cope made a substantial gain. Laffoley booted to Carroll, who droppel the ball. Hall secured it and passed to Ross, who dashed across the line for a try. It was a very quick piece of work. Laffoley converted.

On the resumption of play, an exchange of kicks took place, and the visitors obtained possession of the ball near McGill's 25-yard line, when the latter failed to give yards. McKelvey punted to Anderson who ran the ball out in front of the goal line. Laffoley kicked, but it was blocked, and Queen's secured the ball close to the Red and White line. They lost possession, however for interference. McGill punted, and Queen's returned to Heney who ran the ball back in good style. McKelvey booted to Anderson. Just before the end of the period, Gilhooly and McIntyre were put off for two minutes. Score: McGill, 6; Queen's, 0.

SECOND QUARTER.

The second quarter opened with McGill in possession near their own line. Young replaced McIntyre. Laffoley punted, and Gilhooly grabbed the ball when the visitors tried an outside kick. Ross and Notman gained yards in succession, and Laffoley kicked. McGill was penalized ten yards for interference. The Presbyterians punted to Heney. "Shag's" men lost the ball for offside. Then a punting duel ensued, following which Montgomery went through for a fifteen yard advance. Anderson gained several yards. At this point a new trick formation resulted in a large gain. "Monty" again broke through for a twenty-yard run. Cope and Notman made their yards. This brought the ball close to Queen's goal line. On the next play Ross plunged through the wings for a try. Laffoley converted.

Following this, the visitors seemed to stiffen in their play, and after an exchange of punts, they secured possession of the ball well within McGill territory, due to the latter being offside. On a long pass Campbell ran around the end for a gain of twenty yards. McKelvey kicked over the dead line, thus scoring the first point of the game for Queen's. Shortly afterwards the whistle blew for half-time, with the play well in the centre of the field. Score: McGill, 13; Queen's, 1.

THIRD QUARTER.

McGill's kick-off was returned to Heney, who did the punting for McGill during the greater part of this period. Twice the Red and White broke through to block the Presbyterians' punts. In this manner they gained considerable ground. McKelvey booted to Anderson, who ran up well before he was stopped. McGill got their yards on bucks. This brought them to within fifteen yards of their opponents' line. Notman plunged across the line for a touch, and Laffoley converted.

Play was resumed with the visitors kicking off. Heney returned, and when Elliott fumbled, the Red and White secured possession near centre field. McGill gained considerably in an exchange of punts between Heney and McKelvey. Following this, the home team made an advance of twenty yards that brought them close to the visitors' goal line, and on the next play Montgomery went over for a try. Laffoley failed to convert.

With such a commanding lead, "Shag's" men now let up in their efforts, and played more of a kicking game. Queen's lost ground on a combination play, and then punted to Heney, who returned to Brownfield at centre field. McKelvey kicked, and Heney attempted to do the same, but it was blocked. This gave Queen's the ball at their opponents' 25-yard line. Following this, after Heney had gained ground in a punting duel with Carroll, Brownfield ran up the ball 25 yards in spectacular style. McKelvey booted one to Heney, who was tackled behind his line for a rouge. Immediately afterwards time was called for the end of the third period. Score: McGill, 23; Queen's, 2.

FOURTH QUARTER.

During the last quarter, the Red and White did not exert themselves too much, being content to hold their opponents in check. Stuart replaced Young, and Carroll, who was injured shortly after the resumption of play, was replaced by McNeill. McGill got possession on their opponents' 15-yard line when the latter fumbled. Cope was injured, being replaced by A. T. Parsons. The Red and White lost the ball for being offside, but regained it when they blocked an attempted kick. "Monty" gained ten yards, but at this point the Queen's line held and McGill failed to make their yards, so that the visitors obtained possession. McKelvey attempted to kick, but he was tackled behind his line for a safety touch. This ended the scoring, and the remainder of the play took place mostly well in the centre of the field. Following an exchange of punts, Heney ran the ball up twenty yards through a broken field. Montgomery went off, being replaced by Wallace. Shortly afterwards the whistle blew for the end of the game, with the play ranging well in the centre of the field.

Final score: McGill, 25; Queen's, 2.

The line-up:

McGill		Queen's
Seath	Fly. Wing	Campbell
Anderson	L. Half	Carroll
Laffoley	C. Half	McKelvey
Heney	R. Half	Brownfield
Montgomery	Quarter	Evans
Livshin	L. Scrim.	Ferguson
Baillie	C. Scrim.	Sills
Timmins	R. Scrim.	Ellis
Hall	L. Inside	Brandon
Notman	R. Inside	Freda
Cope	L. Middle	Elliott
Ross	R. Middle	Abernethy
Parkins	L. Outside	Vanalstyne
Gilhooly	R. Outside	McIntyre

Spares—McGill: Wallace, Weiser, Parsons, Allen, Mallison, Kern, Gallery. Queen's: Nickle, Young, Stuart, Gibson, McNeill.

Officials—Col. Constantine, referee; Ted. Savage, umpire.

McGILL INTERMEDIATES ON SATURDAY DEFEAT R.M.C.

No Very Spectacular Plays Owing To the Muddy Ground —Dunbar Of R.M.C. and Little Of McGill Were Injured — Final Score Of 14-0 Puts R.M.C. Out Of the Running — McGill Will Probably Play Guelph Agricultural College Next.

On Saturday morning the Intermediates played their return game against R.M.C. McGill won by a score of 14 to 0, and consequently has definitely put R.M.C. out of the running, since the side scoring the greater number of points is the winner in the Intermediate series.

The second team will probably play Guelph Agricultural College next. It is said that they have a very strong team this year, both fast and heavy. The R.M.C. team has great speed, but is certainly not as heavy as McGill; so the second team will have their work cut out for them to beat Guelph.

McGill kicked off. The first quarter consisted almost entirely of a series of scrims working the ball up and down the field. McGill made yards more frequently than R.M.C., and were twice on the Cadets' 15-yard line. Only twice was the ball really cleared once when Eric Parsons made a short run, and again when MacDonald dodged across the field with the ball. Towards the end of the quarter, Lally was replaced by Webster, and at the very end McGill got ten yards because of interference.

The second quarter started with frequent kicking. But finally McGill secured the ball, R.M.C. being penalized for an offside. The scrim was now on R.M.C.'s 15-yard line. The line now did some fine work, and Chisholm got through on a buck and scored a touchdown. He succeeded in converting this. The next period was filled almost entirely with kicking by the halves. At this point, in spite of the state of the ground, some very good tackling was done. Chisholm made a fine run and brought the ball to R.M.C.'s five-yard line. McGill failed to make yards, and R.M.C. kicked. This gave the ball to McGill on the 20-yard line. McGill kicked on the first down, and Little tackled Russel, who was forced to rouge. At the end of the second quarter the score was 7 to 0, in favor of McGill.

After half time Jones replaced Little, because of a blow he had sustained in the second quarter when tackling Mundell. The latter had jumped into the air to avoid Little, after catching whose head with his boot he had come down very heavily, thus slightly injuring his leg, and this had a detrimental effect on his kicking. Nothing outstanding happened in the third quarter except a run by Russel. During the period both sides were penalized for offsides, and R.M.C. got interference.

At the commencement of the third quarter Holt replaced White, of R.M.C., who had received an internal injury. Shortly afterwards, Wilson made a sensational run, bringing the ball to R.M.C. 15-yard line. At this stage, Mundell had to be taken out. Chisholm kicked, and for some moments there was a loose ball behind the R.M.C. line. However, an R.M.C. man succeeded in booting the ball to the dead line before a McGill man could fall on it. After some kicking by Wilson and Chisholm, and some fumbling by R.M.C., McGill again got the ball on R.M.C.'s 5-yard line. Here Withall intercepted a pass and carried the ball over the line. But he dropped it and Webster fell on it. This touch was also converted by Chisholm. During the rest of the game R.M.C. made a great effort. Dunbar, their best man, was brought in, though suffering from a torn shoulder, because of which he had not been playing previously. But although they were very near it, R.M.C. did not succeed in scoring.

Of course, R.M.C. suffered from a great handicap in that, owing to the state of the ground, they were not able to use their speed; but, on the other hand, McGill had the depressing knowledge of having to make up ten points. The game rather seemed to disprove R.M.C.'s theory of going slow in the first half and hard in the second.

Everyone on both teams played their hardest. The R.M.C. halves were extraordinarily good. Wilson kicked extremely well for McGill, and Chisholm played an excellent game. In the line it is difficult to single anyone out, but Timmins seemed to drop from the skies on any loose balls there might be. Eric Parsons, as usual, played a very steady game. His work on the team has been singularly successful.

The line-up was as follows:

R.M.C.		McGill
Dunbar	Flying Wing	Campbell
Evans	R. Halves	Chisholm
Russel	C. Halves	Wilson
Mundell	L. Halves	Kearns
A. Ross	Quarter	Parsons
Adami	R. Scrim.	Stetham
Mackenzie	C. Scrim.	Timmins
Birmingham	L. Scrim.	Withall
Winter	R. Inside	Lally
Carslay	L. Inside	McMahon
Ruddy	R. Middle	D. Ross
White	L. Middle	MacDonald
Walker	R. Outside	McCall
A. Rutherford	L. Outside	Little

Spares — R.M.C.: Holt, Ballantyne, Sinclair, Howard, McDougall. McGill: Don Campbell, Rutherford, Webster, Hague, Anderson, Jones.

WITHROW REPEATS SECOND LECTURE

Dr. Withrow Interests Another Audience With His Famous Lecture.

Dr. Withrow ended his series of lectures at the Central "Y" on Saturday night. Both the doctor and the film proved as interesting and instructive as on previous occasions. W. A. Murray, Vice-Pres. of the Social Service Club, introduced Dr. Withrow to the audience, and also announced that owing to popular demand the doctor had kindly consented to repeat his lecture on "How Life Begins."

A fair-sized crowd was present and great interest was shown. The film itself was a very wonderful exhibition of photography, and many phases of life from the single celled species to that of the mammals were protrayed in a very realistic as well as instructive manner. The film began with plant life, showing the growth of so many days in so many seconds and going from plant to animal life, very fine moving pictures of spyregyra and of the divisions of cells from one to two, four, six and eight cells respectively were shown, which were very instructive, especially to students in Medicine. The frog, rat and chick were also shown, and the practical way in which Dr. Withrow explained the various stages of growth of the animal made it quite easy for all to understand the development of the embryo and kindred processes.

At the close of the lecture W. A. Murray again spoke a few words in which he thanked Dr. Withrow in the name of the club for his kindness in repeating this lecture and for the great honor he had conferred upon the club itself in lecturing under its auspices.

Dr. Withrow towards the end of his lecture expressed great appreciation both for the reception he had received at McGill, and also for the kindness shown to him by the students in giving him such wholehearted attention throughout his lectures.

The Social Service Club are to congratulated on the success of this, as well as the other lectures held under their auspices.

Correspondence

The Daily is not responsible for the sentiments of letters published in the correspondence columns. Signed communications from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office — that they write upon ONE side of the paper ONLY.

No communication will be admitted in this column without the name of the writer being attached, not necessarily for PUBLICATION.

The Editor, McGill Daily.

Dear Sir:—

Might I bring to your notice a matter which greatly concerns the student body. That is the prices being charged students to see the football games this year. To many these prices appear exhorbitant and eliminating, and unquestionably will prohibit many who would like to see the games from doing so.

Our team has been practising strenuously in preparation for these games and is one of the best the college has ever had. Most students recognize this fact and their one desire is to show their appreciation for the team's good work by turning out in force and helping in the games to follow. But they feel the price is a profiteering one and moreover one they cannot well afford.

We recognise the fact that the Athletic Association needs money and only hope they get it, but in fairness to the student who is generally of mean estate don't you think some consideration should be made? The student joined the Athletic Association, which none will deny is money well spent, but should he not, as a member of this society, enjoy the benefit of a reduction in rates.

Some will say "Join the Rooters' Club and travel cheaply." The reply is "How can an engaged man be a Rooter and at the same time chase the bride elect into a dollar and a half lounge in the Stadium stands?" That's what the song is about.

(Signed) S. O. L.

To the Editor, McGill Daily.

Dear Sir:—

It may not be generally known to the Returned men of all faculties that, following a request from Queens and other Universities, McGill was asked to send a representative to Ottawa, to go into, with delegates from the other Universities, the question of assistance to returned college men.

The report of the representative for McGill will be given at a meeting at the Union of all returned men, of which notice is given in this issue of the Daily.

Returned men, all up! !! 5.15 p.m. at the Union.

BILL NICHOLSON.
L. C. MONTGOMERY.

R.V.C. NOTES

BASKETBALL '20 AND '21.

There will be a basketball practice for Seniors and Juniors on Wednesday afternoon. The hour will be definitely fixed by to-morrow. Watch the athletic board for necessary information.

R. V. C. '22.

There will be a Class meeting of '22 at 1 o'clock to-day, in the Latin room. Business of the meeting is to elect debaters.

R. V. C. '23.

Class meeting of the First year to-day. Election of debaters.

BEST WING MAN.

"Jeff." Notman.

CAPTAIN OF INTERMEDIATES.

Eric Parsons.
